NOTICE TYPE: Court Order

Explanation of Court Order

MANDATORY COURT ORDER ATTACHED [Court File CV-17-587516], this even further requires Google to remove the URLs in THIS form from Google search results:

Exhibit 1 paragraphs 1-5, and Schedule "A". Paragraph 5 of Exhibit 1 provides for the removal of any and all additional web pages that reference, and or hyperlink to, the Defamatory Content and/or the Defamatory Postings. This URL reproduces and republishes the URL and the illegal content in the Orders, and are an attempt by the defendant to get around Google's removals and the Order. The attached court order of Justice Archibald was issued in this action and makes a finding that content that is similar to the content of this URL is false, defamatory, salacious and malicious (para. 2). The order requires the removal of any content that is similar to it from search engine results (para. 3).

I have PREVIOUSLY submitted a de-indexing request to Google. To date, that request has NOT been fully implemented. I write to request AGAIN the de-indexing of search engine results.

Google is now showing ads for Businesses on the first page of search results. Google is now associating my former employer with slanderous, libelous and defamatory content!

Google LLC has submitted notices to Lumen for MANY of these URLs. Therefore, Google is MANDATED to remove the URLs submitted in the section: URL(s) of the webpage(s) that show the content - ARE REQUIRED TO BE from Google search engine results.

These Lumen Database URLs below PROVE that Google LLC has already deemed the URLs in section of this

form: URL(s) of the webpage(s) that show the content - to be in violation of Google's content policy. THEREFORE, it is REQUIRED that the URLs submitted in section: URL(s) of the webpage(s) that show the content - of this form be permanently REMOVED from Google search results.

IT SPECIFICALLY STATES IN THIS URL:

Please note that a copy of each legal notice we receive may be sent to the Lumen project (<http://www.lumendatabase.org>) for publication and annotation. Lumen will redact the submitter's personal contact information (i.e. phone number, e-mail and address). ...
