Re: Unknown

NOTICE TYPE: Court Order

Explanation of Court Order

MANDATORY COURT ORDER ATTACHED [Court File CV-17-587516], this even further requires Google to remove the URLs in THIS form from Google search results - MANDATES REMOVAL of the content detailed above from Google search results:

Exhibit 1 paragraphs 1-5, and Schedule "A". Paragraph 5 of Exhibit 1 provides for the removal of any and all additional web pages that reference, and or hyperlink to, the Defamatory Content and/or the Defamatory Postings. This URL reproduces and republishes the URL and the illegal content in the Orders, and are an attempt by the defendant to get around Google's removals and the Order. The attached court order of Justice Archibald was issued in this action and makes a finding that content that is similar to the content of this URL is false, defamatory, salacious and malicious (para. 2). The order requires the removal of any content that is similar to it from search engine results (para. 3).

On December 11, 2017 and on March 5, 2018, the Ontario Superior Court of Justice issued orders requiring the removal of the URLs from the Internet (the "Removal Order") and the de-indexing of those sites from search engine results. In the Removal Order, the Court held that the URLs contain content that constitutes "false, salacious, outrageous and malevolent defamation of the Plaintiffs". The order REQUIRES the removal of any content that is similar to it from search engine results (para. 3).

This Removal Order has now been recognized and enforced by the United States District Court for the Eastern District of Texas.

Therefore, please take steps to de-index the URLs as soon as possible from Google search results in the United States (google.com).

MANDATORY COURT ORDER ATTACHED - Court File CV-17-587516, MANDATES removal of the content detailed above in Google search. Google LLC has already submitted notifications to Lumen, which means that Google is REQUIRED to remove these URLs from Google search results.
